

Paediatric Physiotherapist

Recruitment Pack 2026

Welcome

Playskill is a Hertfordshire-based charity supporting pre-school children with physical disabilities and their families. The charity relies entirely on voluntary donations to fund its vital services.

Using therapeutic play as a tool for development of key milestones, Playskill steps in during the crucial early intervention window when the brain is developing faster than at any other time. We do this through expert therapies, vital in-home support, specialist training and all important social and respite events for the whole family.

We stand alongside families throughout the challenges of living with disability, offering guidance, care, and community, helping them to build skills, resilience and networks to face the journey ahead.

About the role

We have an exciting opportunity for a paediatric physiotherapist to join and work in a multidisciplinary team alongside an occupational therapist, speech and language therapist, family support and specialist workers, and the families/carers of the children.

How to apply

Submit your CV by email to recruitment@playskil.org.

If you would like more information, or to discuss the role, please contact Karen Belmont, Head of Development/SALT, karen@playskill.org.
